NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31ST MARCH, 2013

1. Significant Accounting Policies

A. Basis of Accounting

a. The financial statements are prepared under the historical cost convention using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the Companies Act, 1956, including the mandatory Accounting Standards as prescribed by the Companies (Accounting Standards) Rules 2006.

b. Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the year. Example of such estimates include provisions for doubtful debts, employee retirement benefits plans, provision for income tax, provision for warranty cost and the useful lives of fixed assets. The difference between the actual results and estimates are recognised in the period in which the results are known and materialised.

B. Fixed Assets

Fixed Assets are stated at cost, less accumulated depreciation / amortisation and impairment loss, if any. The actual cost is inclusive of freight, installation cost, duties, taxes, financing cost and other incidental expenses related to the acquisition and installation of the respective assets but does not include tax/duty credits availed.

Agriculture Land taken on 13 year lease period and has been capitalized & value is to be amortised over the period of lease.

C. Depreciation

D. Impairment of Assets

The Fixed Assets or a group of assets (cash generating units) are reviewed for impairment at each Balance Sheet date. In case of any such indication, the recoverable amount of these assets is determined, and if such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the impairment loss is recognised by writing down such assets to their recoverable amount. An impairment loss is reversed if there is change in the recoverable amount and such loss either no longer exists or has decreased.

E. Investments

Quoted Investments are valued at cost or market value whichever is lower. Unquoted Investments are stated at Cost. The decline in the value of the Unquoted Investments, other than temporary, is provided for. Cost is inclusive of brokerage, fees and duties but excludes Securities Transaction Tax, if any.

F. Inventories

Inventories are valued at cost or net realisable value whichever is lower. Cost of inventories comprises all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

G. Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

H. CENVAT/Value Added Tax

CENVAT/Value Added Tax benefit is accounted for by reducing the purchase cost of the materials/fixed assets/services.

I. Revenue Recognition

- a. Revenue is recognised on transfer of significant risk and reward in respect of ownership.

Deferred tax assets and liabilities are measured using the tax rates enacted or substantively enacted by the Balance Sheet date. The carrying amount of deferred tax asset/liability are reviewed at each Balance Sheet date and recognised and carried forward only to the extent that there is a reasonable certainty that the asset will be realised in future.

The provision for Income Tax is made after taking into consideration, the benefits admissible under the provisions of the Income Tax Act, 1961 and the same is, in the opinion of the Management, adequate.

The Minimum Alternate Tax (MAT) paid by the Company is entitled to be carried forward and utilized in subsequent years. In the opinion of management, on the basis of projections, estimates of future taxable income and the extension of period of utilization of MAT credit as per the amendment made by the Finance Act (No.2), 2009, the Company would have normal tax liability within the specified period to avail such MAT credit. Consequently, the Company has recognized the MAT credit entitlement.
