## CHAIRMAN'S MESSAGE

Dear Shareholders,

We wish a very warm welcome to all our shareholders on the occasion of the 6th Annual General Meeting of 'Onelife Capital Advisors Limited'. The Notice related to this meeting, Directors' Report, Audited Annual Accounts and the Audited Consolidated Annual Accounts and Cash Flow Statement are already with you and with your permission; I shall take them as read.

I am pleased to inform you that your Company has become Holding Company of 'Onelife Gas Energy & Infrastructure Limited (OGEIL) and ultimate Holding Company of 'Goodyield Farming Limited (GFL) and Good Yield Fertilisers & Pesticides Private Limited' during the Financial Year 2012-2013.

As you are aware, your Company's Core activity is Merchant Banking but due to Ex-parte ad- interim order passed by SEBI against the Company on 28th December, 2011 and the clarificatory order dated 15th February, 2012 Company has not carried out any business activities during the year.

The Company had filed an appeal against the order of the SEBI with the Hon'ble Securities Appellate Tribunal (SAT). The Hon'ble SAT had directed SEBI to complete its investigations by 31st October 2012. SAT has also stayed the direction of the SEBI which directed the Company to call back funds given to Fincare Financial and Consultancy Services Private Limited and Precise Consulting & Engineering Private Limited.

On 16th January, 2013 SEBI has passed a confirmatory order which was considered by SAT in the appeal pending before it and the Hon'ble SAT has disposed of the appeal vide order dated 24th January, 2013 directing that the Board shall issue show cause notice to the Company and its directors within five weeks and pass final order within a period of four months from the date of the order i.e 24th January, 2013

The Company has received the show cause notice dated 26th February, 2013. The Company has given the reply to the show cause notice and also filed consent application on 13th May, 2013 which has been rejected by SEBI vide its letter dated 02nd August, 2013.

In the light of the foregoing developments related to the SEBI order we are getting ourselves to receive their order for necessary follow up actions as may be deemed by the Hon'ble Board. In this context I recall my previous speech in which we had assured you that the Board and the management team will tap all their energies to channelize and strive to realize our goals.

During the financial year 2012-13 our company's consolidated revenue was Rs 536.98 Lakhs. Net Loss of the Company at Rs 56.70 Lakhs in Financial Year 2012-13.

We hope better times for our aspirations and goals will open up in due course.

I, on behalf of our Hon'ble Board of Directors and on my own behalf, like to take this occasion to express my sincere thanks to shareholders, banks, financial institutions and other stakeholders for their support and with a positive hope state that the future for us would be better after the present difficult times passover.

Best Regards  
Your sincerely

### Year in Retrospect

During the financial year 2012-13 our company's revenue was Rs 26.45 Lakhs as compared to Rs 910.54 Lakhs in corresponding period of last year. Net Loss of the Company at Rs112.36 Lakhs as compared to Profit of Rs 1.31 Lakhs in Financial Year 2011-12.

The Financial Performance of the Company was adversely impacted mainly due to Ex-parte ad- interim order passed by SEBI against the Company on December 28, 2011 and the clarificatory order dated February 15, 2012.

The cumulative effect of these orders with respect to the company and its directors is as below:

- a. The company shall not issue any equity shares or any other instrument convertible into equity shares, in any manner or shall not alter its capital structure in any manner till further directions from the SEBI;
- b. The company shall not undertake any fresh business in its capacity as merchant banker, portfolio manager, stock broker and trading member till further directions from SEBI, except the business already mandated as on 28th December 2011;
- c. The company shall not buy, sell or deal in securities directly or indirectly till further directions from the the SEBI;
- d. All the directors of the company shall not buy, sell or deal in securities directly or indirectly till further directions from the SEBI;
- e. The company shall call back funds transferred to Fincare Financial and Consultancy Services Private Limited and Precise Consulting & Engineering Private Limited.

The company had filed an appeal against the order of the SEBI with the Hon'ble Securities Appellate Tribunal (SAT). The Hon'ble SAT had directed the SEBI to complete its investigations by 31st October 2012. SAT has also stayed the direction of the SEBI which directed the company to call back funds given to Fincare Financial and Consultancy Services Private Limited and Precise Consulting & Engineering Private Limited.

On January 16, 2013 SEBI has passed a confirmatory order which was considered by SAT in the appeal pending be-

fore it and the Hon'ble SAT has disposed of the appeal directing that the Board shall issue show cause notice to the appellants within five weeks and pass final order within a period of four months from the date of the order. Recently, the Company got some relief from the Securities Appellate Tribunal ("SAT") whereby Mr. A.P Shukla, Independent Director and Mr. D.C Parikh, Non-Executive Director are permitted to sell the shares in their respective demat accounts and the sale proceeds shall be kept in fixed deposit with a nationalized bank and any withdrawal from the bank should be with the prior permission of the Board.

Thereafter, the Company received the show cause notice dated 26th February 2013. The Company Has given the reply of the show cause and filed consent application on 13th May 2013 which has been rejected by SEBI vide its letter dated 02nd August, 2013.

Your Directors are taking all necessary steps to resolve this matter as early as possible. Your Directors are confident that things shall be resolved and normal business will prevail. Your Directors wish to put on record their gratitude for the support shown by the shareholders and affirm that all necessary steps shall be taken to protect the interest of the company and the shareholders.

### **Subsidiary companies and consolidated financial statements**

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

## Economy Overview

## Global Economy Overview

Global growth is projected to remain subdued at slightly above 3 percent in 2013, the same as in 2012. Downside risks to global growth prospects still dominate: while old risks remain, new risks have emerged, including the possibility of a longer growth slowdown in emerging market economies, especially given risks of lower potential growth, slowing credit, and possibly tighter financial conditions if the anticipated unwinding of monetary policy stimulus in the United States leads to sustained capital flow reversals. Stronger global growth will require additional policy action. Specifically, major advanced economies should maintain a supportive macroeconomic policy mix, combined with credible plans for reaching medium-term debt sustainability and reforms to restore balance sheets and credit channels. Many emerging markets and developing economies face a tradeoff between macroeconomic policies to support weak activity and those to contain capital outflows. Macroprudential and structural reforms can help make this tradeoff less stark. Financial market volatility increased globally in May and June after a period of calm since last summer. In advanced economies, longer-term interest rate and financial market volatility have risen. Peripheral euro area sovereign spreads have widened again after a period of sustained declines. Emerging market economies have generally been hit hardest, as recent increases in advanced economy interest rates and asset price volatility, combined with weaker domestic activity have led to some capital outflows, equity price declines, rising local yields, and currency depreciation.

Global growth increased only slightly from an annualized rate of 2½ percent in the second half of 2012 to 2¾ percent in the first quarter of 2013 (Figure 1): CSV, (Creating Shared Value) instead of accelerating further as expected at the time of the April 2013 WEO (World Economic Outlook). The underperformance was due to three factors. First, continuing growth disappointments in major emerging market economies, reflecting, to varying degrees, infrastructure bottlenecks and other capacity constraints, slower external demand growth, lower commodity prices, financial stability concerns, and, in some cases, weaker policy support. Second, a deeper recession in the euro area, as low demand, depressed confidence, and weak balance sheets interacted to exacerbate the effects on growth and the impact of tight fiscal and financial conditions. Third, the U.S. economy expanded at a weaker pace, as stronger fiscal contraction weighed on improving private demand. By contrast, growth was stronger than expected in Japan, driven by consumption and net exports—the latter helped by the 20 percent depreciation of the yen (in real effective terms) since late 2012.

**Figure 1. Global GDP Growth**  
(Percent; quarter over quarter, annualized)

Turning to forecasts, growth in the United States is projected to rise from 1¾ percent in 2013 to 2¾ percent in 2014. The projections assume that the sequestration will remain in place until 2014, longer than previously projected, although the pace of fiscal consolidation will still slow. Private demand should remain solid, given rising household wealth owing to the housing recovery, and still supportive financial conditions.

In Japan, growth will average 2 percent in 2013, moderating to about 1¾ percent in 2014. The stronger forecast for 2013 than previously projected reflects the effects of recent accommodative policies on confidence and private demand, while the somewhat softer forecast for 2014 reflects the weaker global environment.

The euro area will remain in recession in 2013, with activity contracting by over ½ percent. Growth will rise to just under 1 percent in 2014, weaker than previously projected, in part due to the persistent effects of the constraints discussed above and the expected delays in policy implementation in key areas, but also due to base effects from the delayed recovery in 2013.

At 5 percent in 2013 and about 5½ percent in 2014, growth in emerging market and developing economies is now expected to evolve at a more moderate pace, some ¼ percentage points slower than in the April 2013 WEO. This embodies weaker prospects across all regions. In China, growth will average 7¾ percent in 2013-14, ¼ and ½ percentage points lower in 2013 and 2014, respectively, than the April 2013 forecast. Forecasts for the remaining BRICS (Brazil, Russia, India, China and South Africa) have been revised down as well, by ¼ to ¾ percentage points. The outlook for many commodity exporters (including those among the BRICS) has also deteriorated due to lower commodity prices. Growth in sub-Saharan Africa will be weaker, as some of its largest economies (Nigeria, South Africa) struggle with domestic problems and weaker external demand. Growth in some economies in the Middle East and North Africa remains weak because of difficult political and economic transitions.

In sum, global growth will recover from slightly above 3 percent in 2013 to 3¾ percent in 2014, some ¼ percent weaker for both years than the April 2013 projections.

Downside risks, old and new, still dominate the outlook. Although imminent tail risks in advanced economies have diminished, additional measures will be needed to keep them at bay, including timely increases in the U.S. debt ceiling and continued “do what it takes” action by the euro area authorities to avoid a sharp deterioration in financial conditions. In contrast, risks of a longer growth slowdown in emerging market economies have now increased, due to protracted effects of domestic capacity constraints, slowing credit growth, and weak external conditions.

The forecasts assume that the recent rise in financial market volatility and the associated yield increases will partly reverse, as they largely reflect a one-off repricing of risk due to the changing growth outlook for emerging market economies and temporary uncertainty about the exit from monetary policy stimulus in the United States. However, if underlying vulnerabilities lead to additional portfolio shifts, further yield increases, and continued higher volatility, the result could be sustained capital flow reversals and lower growth in emerging economies.

### **Indian Economy Overview**

The Indian economy is estimated to have registered a growth rate of 5.0 per cent in 2012-13 in terms of gross domestic product at factor cost at constant 2004-05 prices, following a growth of 6.2 per cent in 2011-12. Growth in 2011-12 and 2012-13 is on the lower side, in the context of the decadal average of 7.9 per cent during 2003-04 to 2012-13. This is attributable mainly to weakening industrial growth in the context of tight monetary policy followed by the Reserve Bank of India (RBI) through most of 2011-12, and continued uncertainty in the global economy. With some moderation in headline WPI (Wholesale Price Index) inflation, there has been a reduction in the repo rate by the RBI by 50 basis points in April, 2012 and by 25 basis points in January 2013. The impact of tight monetary policy has been reflected in the quarterly growth rates of GDP. Quarterly GDP growth declined in each of the successive quarters between the fourth quarter of 2010-11, and the fourth quarter of 2011-12. The slowdown in the economy, particularly in the industry sector has entailed a lower-than budgeted growth in government revenues. However, measures undertaken as part of mid-course correction have helped in improving the expenditure outcome in 2012-13. Measures including the increase in the price of diesel by Rs 5 per litre, allowing oil marketing companies (OMCs) to raise diesel prices by small amounts regularly, and a cap on the number of subsidized LPG cylinders are expected to rein in the fiscal deficit. Growth of exports for most of the current year remained in negative territory, and with imports picking up in recent months, the trade deficit increased to US\$ 147 billion during April-December 2012. The current account deficit (CAD) at 4.6 per cent of GDP in the first half of 2012-13 is a cause for concern. The widening of the trade and current account deficits has been accompanied by a decline in the value of the Rupee since August 2011. After attaining an all-time low of Rs 57.22 per US\$ on June 27, 2012 the Rupee rebounded and was in the range of 53-55 per US\$ in the month of January 2013. WPI inflation, after remaining persistently high during 2010-11 and 2011-12, has shown signs of moderation since December 2011. However, it has remained sticky at around 7 to 8 per cent over the last 12 months. With widespread reform measures initiated in recent months and the global economy poised for a moderate recovery in 2013-14, the Indian economy is expected to witness an improved outlook in 2013-14.

**GDP Growth**

As per the Advance Estimates released by the Central Statistics Office (CSO), the Indian economy is estimated to register a growth rate of 5.0 per cent in 2012-13 in terms of GDP at factor cost as against 6.2 per cent in 2011-12 and 9.3 per cent in 2010-11. The growth is on the lower side not only as compared to the recent past but also in the context of growth trends witnessed since 2003-04. The slowdown in the growth of the economy in 2012-13 is mainly on account of the slowdown in the industrial sector which is estimated to grow at 3.1 per cent in 2012-13 as against 3.5 per cent in 2011-12 and significantly lower growth of 1.8 per cent in agriculture sector on top of a growth rate of 3.6 per cent achieved in 2011-12. Services sector is estimated to grow at a rate of 6.6 per cent in 2012-13, which is also lower than that achieved in 2011-12. The slowdown in 2011-12 and 2012-13 has been precipitated by domestic factors as well as factors emanating from the rest of the world, particularly advanced economies and India's major trading partners. The crisis in the Euro-zone area and slow growth in many other advanced economies have affected growth in India through dynamic linkages. Domestic factors, including the tightening of monetary policy, in order to control inflation and rein in inflationary expectations, resulted in slowing down of investment and growth, particularly in the industrial sector. As per the quarterly data released by CSO, growth in the economy was 5.3 per cent in the second quarter of the current year. This growth has been the lowest since fourth quarter of 2008-09. The growth of agriculture, industry and services sectors is estimated to be 1.2 per cent, 2.8 per cent and 7.2 per cent respectively in the second quarter of 2012-13 as against 3.1 per cent, 3.7 per cent and 8.8 per cent respectively in the corresponding quarter of 2011-12. Cumulative growth in the first two quarters of the current year put together works out to 5.4 per cent as against 7.3 per cent in the corresponding period last year. In terms of expenditure method of estimation, GDP at constant market prices is projected to register a growth of 3.3 per cent in 2012-13 as against a growth of 6.3 per cent in 2011-12. This slowdown in growth could be attributed to three major components viz. the growth of consumption expenditure, gross fixed capital formation and exports that declined to 4.1 per cent, 2.5 per cent and 5.1 per cent respectively in real terms during 2012-13. The growth in these components was 8.1 per cent, 4.4 per cent and 15.3 per cent respectively in 2011-12. The growth of investment in the economy is estimated to have registered a significant decline during 2011-12 as compared to 2010-11. This has been on account of the tight monetary policy stance followed by the Reserve Bank of India during 2010-11 and most of 2011-12, that resulted in higher costs of borrowings and a moderation in domestic and external demand. As per the First Revised Estimates released by the CSO, gross domestic savings as a ratio of GDP at current market prices (savings rate) declined from 34.0 per cent in 2010-11 to 30.8 per cent in 2011-12. This decline is primarily accounted for by a reduction in savings of the public sector and a reduction in financial savings by households.

**Industry Overview****Financial Services in India- Brief Overview**

The Indian financial services sector is one of the most complex, yet one of the most robust service segments of the Indian economy. Spanning from insurance to capital markets, banking to foreign direct investments (FDI) and from mutual funds to private equity (PE) investments, the financial services sector covers all related segments under its umbrella.

Today it is at par with the international financial frameworks and promises to surpass them in terms of performance in the years to come. This is very much evident from the fact that Indian financial services industry was amongst the least affected during the crisis the world faced in 2010-11.

**Opportunities & Threats**

The great uncertainty over how growth will recover in the advanced economies is unnerving financial markets across the world. Back home, the recent exuberance seen in the markets is largely driven by FII flows, dependent on global growth prospects. Reversal of global liquidity could adversely impact capital flows into India and put downward pressure on the INR. Currency depreciation could fuel the current account deficit, leading to weakening of macro fundamentals, viz. inflation, trade deficit, subsidy bills and hence fiscal balances. Government spending ahead of an election year and a currency with a weakening bias remain threats to domestic price pressures. Uncertain external balances continue to pose challenges. Government's actions to stick to fiscal consolidation and boost the investment cycle remain imperative. Domestic growth would also depend upon a timely and adequate monsoon, resumption of industrial growth, revival in exports via measures to make them competitive, curtailment of current account deficit and supplyside measures to ease constraints. Tracking statistical phenomenon, the wholesale price index is likely to reflect subdued inflation rates; thus providing a cushion for rate easing, and allowing the transmission of actions taken so far for GDP and earnings growth to pick up. Government spending related to elections is likely to boost rural consumption. The economy is likely to gain gradually from the measures announced earlier. The Union Budget 2013, amongst other proposals, has reduced Securities Transaction Tax (STT) on equity futures contracts to 0.01% from 0.017%, introduced commodities transaction tax (CTT) on non-agriculture commodities futures trading and allowed participation of FIIs in the currencies derivative segment. These proposals could provide a fillip to equity derivative volumes as well as currency derivative volumes. The imposition of the CTT could impact the gross returns of the arbitrageurs by 20-30% and consequently significantly im-

pede the growth of the segment at least over the short term. Also, arbitrage activity could return to the equities segment or move to the currencies segment, which could help growth of these segments

### **Business Overview & Financial Performance of the Company**

During the financial year 2012-13 our company's revenue was Rs 26.45 Lakhs as compared to Rs 910.54 Lakhs in corresponding period of last year. Net Loss of the Company at Rs 112.36 Lakhs as compared to Profit of Rs 1.31 Lakhs in Financial Year 2011-12.

The Financial Performance of the Company was adversely impacted mainly due to Ex-parte ad- interim order passed by SEBI against the Company on 28th December, 2011 the clarificatory order dated February 15, 2012.

Due to SEBI's order against us currently there is no business in merchant banking, Derivative, PMS segment and Broking.

### **Future Outlook**

The year FY13 started on a note of optimism. However, stubborn inflation, high fiscal and Current Account Deficit, slow pace of reforms, sluggish recovery of US economy and continued Eurozone crisis soon led to the sliding of Indian GDP growth to around 5%. Renewed political uncertainty at the centre currently is continuing to cast its shadow on the return of growth. However, with inflation falling and RBI cutting rates in March 2013 and May 2013, Indian macro-economic indicators appear to have bottomed out. At the same time, RBI has indicated that scope for further rate cuts is limited as headline inflation is still above its comfort zone. It has pegged the outlook for inflation at 5.5% and GDP growth at 5.7% for FY14. Given that FY14 is likely to be a second consecutive year of sub-6% growth, the operating environment in FY14 may not be significantly different from that of FY13, as macro-headwinds will take some time to abate. Given this none-too-rosy scenario for FY14, the mantra for this year will be improving operating efficiency.

Even as the visibility on when the environment might improve continues to be poor, our core is in identifying new exciting opportunities in financial services and building great and differentiated businesses in various areas. With the long-term India growth story intact and given the diversified model of Onelife, we are confident of capturing good share of growth and build Onelife as per the Vision that we have.

### **Challenges, Risk, Concern**

The Company faces normal business challenges of market competition in its business and needs to continuously seek attractive growth opportunities. The company is primarily exposed to market risk, interest rate risk, liquidity risk, technology risk, compliance risk and operational risks. Internally, it has constituted the board to manage these risks.

The Company adopts suitable business strategies to counter these challenges.

As a part of the overall risk management strategy, the Company consistently insures its assets and generally follows a conservative financial profile by following prudent business practices.

### **Internal Control Systems And Adequacy**

The Company has a well-placed, proper and adequate internal control system, which ensures that all assets are safeguarded and protected and that the transactions are authorised, recorded and reported correctly to meet the following objectives:-

Providing assurance regarding the effectiveness and efficiency of operations;

Efficient use and safeguarding of resources;

Compliance with policies, procedures and applicable laws and regulations; and

These systems are IT enabled which facilitate effective checks and tight monitoring of all parameters and control on continuous basis.

The Company's internal control system comprises audit and compliance by internal audit checks from M/s G.S Toshniwal, the Internal Auditor. The Internal Auditors independently evaluate the adequacy of internal controls and concurrently audit the majority of the transactions in value terms. Independence of the audit and compliance is ensured by direct reporting of Internal Auditor to the Audit Committee of the Board.

## **INDEPENDENT AUDITOR'S REPORT**

To the Members of

### **ONELIFE CAPITAL ADVISORS LIMITED**

#### **1. Report on the Financial Statements**

We have audited the accompanying financial statements of ONELIFE CAPITAL ADVISORS LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2013, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (collectively referred to as "Financial Statements").

#### **2. Management's Responsibility for the Financial Statements**

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### **3. Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **4 Emphasis of Matter**

Without qualifying our opinion, we draw your attention to note no. 18 of the accompanying financial statements. The Securities and Exchange Board of India (SEBI) had carried out investigation in the issue process of the Company and the utilization of the issue proceeds. The SEBI has come to a prima facie conclusion that the proceeds of the public issue were utilized for the objects other than the objects mentioned in the red herring prospectus. The SEBI has passed an Ex-Parte Ad Interim order, restraining the Company, inter alia, from undertaking fresh business in its capacity as merchant banker, portfolio manager, stock broker and trading member till further directions from SEBI.

The Company had filed an appeal against the order of the SEBI with the Hon'ble Securities Appellate Tribunal (SAT). The Hon'ble SAT had directed the SEBI to issue show cause notice to the Company and its directors and pass the final order.

SEBI has issued the show cause notice and the Company has given the reply to the same and had also filed consent application which has been rejected by SEBI. The final order of SEBI has not been received till now. These factors raise doubt about the ability of the Company to continue its business. The ultimate outcome of the matter cannot be presently determined. However, the management is of the opinion, that the matter will be resolved shortly. Hence, the accounts have been prepared on going concern basis.

#### **5. Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- b) in the case of the Statement of Profit and Loss, of the loss of the Company for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

**6. Report on Other Legal and Regulatory Requirements**

- 1 As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Act, as amended by the Companies (Auditors' Report) (Amendment) Order, 2004 and on the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of the audit, we give in the Annexure, a statement on the matters specified in paragraphs 4 and 5 of the said Order to the extent they are applicable to the Company.
- 2 As required by section 227(3) of the Companies Act, 1956, we report that:
  - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - c) the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - d) in our opinion, the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement comply with the Accounting Standards referred to in sub section (3C) of section 211 of the Act;
  - e) On the basis of written representations received from the directors of the Company as on March 31, 2013 and taken on record by the Board of Directors and according to the information and explanation given to us, none of the directors is disqualified as on March 31, 2013, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

## ANNEXURE TO THE AUDITORS' REPORT

(Referred to in Paragraph 6 of our report of even date to the Members of Onelife Capital Advisors Limited on the financial statements for the year ended March 31, 2013)

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.  
  
(b) As explained to us, all tangible fixed assets have been physically verified by the management at reasonable intervals and no material discrepancies were noticed on such physical verification. In our opinion, frequency of verification is reasonable having regard to the size of the Company and the nature of its business.  
  
(c) According to the information and explanations given to us, as also on the basis of books and records examined by us, the Company has not disposed off any substantial part of its fixed assets during the year so as to affect its going concern status.
2. The Company's nature of operations does not require it to hold inventories. Accordingly, clauses (ii)(a) to (ii)(c) of paragraph 4 of the Companies (Auditor's Report) Order, 2003 ('the Order') are not applicable to the Company.
3. (a) The Company has granted unsecured loans to two companies covered in the register maintained under section 301 of the Companies Act, 1956. The maximum amount involved during the year was Rs. 959.25 lacs and the year-end balance of such loans granted was Rs. 832.05 Lacs.  
  
(b) In our opinion and according to the information and explanations given to us, the rate of interest and other terms and conditions are of such loan are not prima facie prejudicial to the interest of the Company.  
  
(c) the parties are repaying the principal amounts as stipulated and are also regular in payment of interest.  
  
(d) There are no overdue amount of principal and interest.  
  
(e) According to the information and explanations given to us, the Company has not taken any loans, secured or unsecured, from companies, firms or other parties listed in the register maintained under section 301 of the Companies Act, 1956. Accordingly, the sub-clauses (e), (f) and (g) of paragraph 4 (iii) of the Order are not applicable.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control systems commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and rendering of services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in the internal control systems.
5. (a) On the basis of the audit procedures performed by us, and according to the information, explanations and representations given to us, we are of the opinion that the particulars of contracts or arrangements referred to in Section 301 of the Companies Act, 1956 have been entered in the register required to be maintained under that section.  
  
(b) In our opinion and according to the information and explanations given to us, the transactions made in pursuance of contracts or arrangements entered in the register maintained under section 301 of the Companies Act, 1956 have been made at prices which are reasonable having regard to prevailing market price at the relevant time
6. According to the information and explanations given to us, during the year the Company has not accepted any deposits from the public to which the directives issued by the Reserve Bank of India and the provision of Sections 58A, Section 58AA or any other relevant provisions of the Companies Act, 1956 and the rules framed there under apply.
7. In our opinion, the Company has an adequate internal audit system commensurate with the size of the Company and the nature of its business.
8. The Central Government has not prescribed the maintenance of cost records under section 209(1)(d) of the Act for any of the activities conducted by the Company.
9. (a) According to the information and explanations given to us and records examined by us, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty, Cess and other material statutory dues, wherever applicable to it with the appropriate authorities *though there have been a slight delay in a few cases*. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues as at March 31, 2013, were outstanding for a period of more than six months from the date they became payable.  
  
(b) According to the records of the Company and the information and explanations given to us, there are no dues of Income Tax, Sales Tax, Service Tax, Customs Duty, Wealth Tax, Excise Duty, Cess, which have not been deposited on account of any dispute.

10. *The Company does not have accumulated losses at the end of the financial year. The Company has incurred cash losses during the financial year covered by the audit.* The Company had not incurred cash loss during the immediately preceding financial year.
11. In our opinion and according to the information and explanations given to us there are no dues to any financial institution or bank and the Company has not issued any debentures.
12. In our opinion and according to the explanations given to us and based on the information available, no loans and advances have been granted by the Company on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion, the Company is not a chit fund or a nidhi / mutual benefit fund/society. Therefore, the clause (xiii) of paragraph 4 of the Order is not applicable to the Company.
14. In our opinion and according to the information and explanations given to us, the company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, Clause (xiv) of paragraph 4 of the Order is not applicable to the Company.
15. In our opinion and according to the information, explanations and representations given to us, the Company has not given any guarantee for loans taken by others from banks or financial institutions.
16. According to the information and explanations given to us, as also on the basis of books and records examined by us, there were no term loans raised or outstanding during the year.
17. In our opinion and according to the information and explanations given to us and on an overall examination of the Balance sheet of the Company, we report that no funds raised during the year on short-term basis have, *prima facie*, been used for long-term investment.
18. During the year, the Company has not made any preferential allotment of shares to parties and companies covered in the register maintained under section 301 of the Companies Act, 1956.
19. As the Company has not issued any secured debentures during the year covered by our report, clause (xix) of paragraph 4 of the order is not applicable to the Company.
20. The Company has not raised any money by way of public issue, during the year.
21. To the best of our knowledge and belief and according to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the year.

## ONELIFE CAPITAL ADVISORS LIMITED

### 1 Significant Accounting Policies:

#### a Basis of preparation of financial statements:

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair value. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and the other relevant provisions of the Companies Act, 1956.

#### b Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures relating to contingent liabilities as on the date of financial statements and reported amounts of income and expenses during the year. Examples of such estimates include employee retirement benefit plans, provision for Income Tax and the useful life of fixed assets. Actual results may differ from the estimates. Any revision to accounting estimates is recognized prospectively in the period in which the results are known or materialized.

#### c Revenue recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and is recognized on accrual basis.

#### d Fixed assets:

i) Tangible fixed assets are stated at historical cost less accumulated depreciation and impairment loss, if any. Cost includes purchase price, duties, levies and other directly attributable expenses of bringing the asset to its working condition for the intended use.

ii) Intangible assets which include Computer software are measured at cost of acquisition and development.

#### e Depreciation:

i) Depreciation on tangible fixed assets is provided on the written down value method as per the rates prescribed under Schedule XIV of the Companies Act, 1956.

ii) Computer Software is amortized using the written down value method @ 40% per annum.

iii) Fixed assets costing upto Rs. 5,000 individually are fully depreciated in the year of purchase.

#### f Investments:

Quoted Investments are valued at cost or market value whichever is lower. Unquoted investments are stated at cost. The decline in the value of the unquoted investments, other than temporary, is provided for. Cost is inclusive of brokerage, fees and duties but excludes Securities Transaction Tax, if any.

#### g Employee Benefits:

##### a Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Undiscounted value of benefits such as salaries and bonus are recognized in the period in which the employee renders the related service.

##### b Defined contribution plans:

The Company is not covered under the Employees State Insurance Act and the Provident Fund Act.

##### c Defined benefit plans:

The Company's Gratuity plan is a defined benefit plan. The liability under the plan is determined on the basis of an independent actuarial valuation carried out at the year end. The actuarial valuation method used by independent actuary for measuring the liability is the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Statement of Profit & Loss.

As per the Company's policy, leave earned during the year do not carry forward: they lapse if the current period's entitlement is not used in full and do not entitle employees to a cash payment for unused leave.

#### h Operating Leases:

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and Loss as when they are incurred.

**i Taxation:**

Income Tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets is recognized using the tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that the assets can be realized in future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonable or virtually certain (as the case may be) of realization.

**j Earnings Per Share:**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all potential dilutive equity shares, except where result would be anti dilutive.

**k Impairment:**

The Fixed Assets or a group of assets (Cash generating unit) are reviewed for impairment at each Balance Sheet date. In case of any such indication, the recoverable amount of these assets or group of assets is determined, and if such recoverable amount of the assets or cash generating unit to which the assets belongs is less than it's carrying amount, the impairment loss is recognized by writing down such assets to their recoverable amount. An impairment loss is reversed if there is change in the recoverable amount and such loss either no longer exists or has decreased.

**l Provisions, Contingent Liabilities and Contingent Assets:**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

**Notes forming part of the financial statements**

- 18 The Company is engaged in the business of providing Capital Advisory Services. It is a Category-1 merchant banker, portfolio manager, stock broker on Bombay Stock Exchange Ltd (BSE) and trading member of equity and derivative segment of BSE. It is duly registered with the Securities and Exchange Board of India (SEBI) in respect of the above categories. It had come out with a public issue of its equity shares of Rs. 10/- each at a premium of Rs. 100/- each in September-October 2011. The equity shares of the company are listed on the BSE and NSE.

The SEBI had carried out investigation in the issue process of the company and the utilization of the issue proceeds. During the course of investigations, the SEBI has come to a prima facie conclusion that the proceeds of the public issue were utilized for the objects other than the objects mentioned in the red herring prospectus. The SEBI has passed an Ex-Parte Ad Interim order dated December 28, 2011. It has also passed an order dated February 15, 2012 clarifying its order dated December 28, 2011. The cumulative effect of these orders with respect to the Company and its directors is as below:

- a The Company shall not issue any equity shares or any other instrument convertible into equity shares, in any manner or shall not alter its capital structure in any manner. till further directions from the SEBI;
- b The Company shall not undertake any fresh business in its capacity as merchant banker, portfolio manager, stock broker and trading member till further directions from SEBI, except the business already mandated as on December 28, 2011;
- c The Company shall not buy, sell or deal in securities directly or indirectly till further directions from the the SEBI;
- d All the directors of the Company shall not buy, sell or deal in securities directly or indirectly till further directions from the SEBI;
- e The Company shall call back funds transferred to Fincare Financial and Consultancy Services Private Limited and Precise Consulting & Engineering Private Limited.

The Company had filed an appeal against the order of the SEBI with the Hon'ble Securities Appellate Tribunal (SAT). The Hon'ble SAT had directed the SEBI to complete its investigations by October 31, 2012. SAT has also stayed the direction of the SEBI which directed the Company to call back funds given to Fincare Financial and Consultancy Services Private Limited and Precise Consulting & Engineering Private Limited.

On January 16, 2013 SEBI has passed a confirmatory order which was considered by SAT in the appeal pending before it and the Hon'ble SAT has disposed of the appeal vide order dated January 24, 2013 directing that the Board shall issue show cause notice to the Company and its directors within five weeks and pass final order within a period of four months from the date of the order.

The Company has received the show cause notice dated February 26, 2013. The Company has given the reply to the show cause notice and also filed consent application on May 13, 2013 which has been rejected by SEBI vide its letter dated August 02, 2013. The final order of the SEBI has not been received till now. Since, the ultimate outcome of the matter cannot be presently determined, the accounts have been prepared on going concern basis.

- 19 The Company was holding 302,500 shares of Onelife Gas Energy & Infrastructure Limited (OGEIL). On November 01, 2012 OGEIL has issued bonus shares in the ratio of 1:20 to the minority shareholders holding 5% and less than 5% equity shares. The Company has accordingly received 6,050,000 bonus equity shares. As a result of said issue of bonus shares, OGEIL became a subsidiary of the Company. Consequently, Goodyield Farming Limited (GFL) subsidiary of OGEIL and Goodyield Fertilizers and Pesticides Private Limited subsidiary of GFL have become subsidiaries of the Company.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of  
ONELIFE CAPITAL ADVISORS LIMITED

### 1. Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated financial statements of ONELIFE CAPITAL ADVISORS LIMITED ("the Company") and its subsidiaries (the Company and its subsidiaries constitute "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2013, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (collectively referred to as "Consolidated Financial Statements").

### 2. Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### 3. Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

As stated in the Other Matters paragraph below, our opinion, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries not audited by us, is based solely on the reports of such other auditors.

### 4 Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the separate audit reports on the financial statements of the subsidiaries referred to below in the Other Matters paragraph, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2013;
- b) in the case of the Consolidated Statement of Profit and Loss, of the loss of the Group for the year ended on that date; and
- c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

### 5 Emphasis of Matter

Without qualifying our opinion, we draw your attention to note no. 23 of the accompanying financial statements. The Securities and Exchange Board of India (SEBI) had carried out investigation in the issue process of the Company and the utilization of the issue proceeds. The SEBI has come to a prima facie conclusion that the proceeds of the public issue were utilized for the objects other than the objects mentioned in the red herring prospectus. The SEBI

has passed an Ex-Parte Ad Interim order, restraining the Company, inter alia, from undertaking fresh business in its capacity as merchant banker, portfolio manager, stock broker and trading member till further directions from SEBI.

The Company had filed an appeal against the order of the SEBI with the Hon'ble Securities Appellate Tribunal (SAT). The Hon'ble SAT had directed the SEBI to issue show cause notice to the Company and its directors and pass the final order.

SEBI has issued the show cause notice and the Company has given the reply to the same and had also filed consent application which has been rejected by SEBI. The final order of SEBI has not been received till now. These factors raise doubt about the ability of the Company to continue its business. The ultimate outcome of the matter cannot be presently determined. However, the management is of the opinion, that the matter will be resolved shortly. Hence, the accounts have been prepared on going concern basis.

## **6 Other Matters**

We did not audit the financial statements of all the three subsidiaries, whose financial statements reflect total assets (net) of Rs. 8,485.16 lakhs, total revenue of Rs. 535.03 lakhs and net cash outflows amounting to Rs. 738.73 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on those reports. Our Opinion is not qualified in respect of these matters.

## ONELIFE CAPITAL ADVISORS LIMITED

### 1 Principles of Consolidation

- a The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses as per Accounting Standard 21 – “Consolidated Financial Statements” notified by Companies (Accounting Standards) Rules, 2006.
- b The difference between the cost of investment in the subsidiaries and the Company's share of net assets at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
- c Minority's share of net profit for the year of consolidated subsidiaries is identified and adjusted against the Profit After Tax of the Group.
- d Minority Interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately from liabilities and equity of the Company's shareholders. Minority interest in the net assets of consolidated subsidiaries consists of:
  - i The amount of equity attributable to minority at the date on which investment in a subsidiary is made; and
  - ii The minority share of movements in equity since the date the parent subsidiary relationship came into existence.
- e The financial statements of the subsidiaries used in the consolidation are drawn up to the same reporting date as that of the Company i.e. March 31, 2013
- f The financial statements of the parent company and its subsidiary have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as Company's separate financial statements except in respect of depreciation, where it is not practicable to use uniform policies. However, the amount of impact of this difference is not material.
- g As the financial statements of the subsidiaries, as on the date of investment, are not available and it was impracticable to draw the financial statements of the subsidiary as on that date, financial statements of the subsidiary for the immediately preceding year are used as a basis for consolidation.
- h The list of subsidiary companies which are included in the consolidation and the Company's holdings therein are as under:

| Sr. No | Name of the Company                                | Status  | % of Holding | Date on which Relationship Came into Existence | Country of Incorporation |

### 2 Significant Accounting Policies:

- a Basis of preparation of financial statements:

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair value. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and the other relevant provisions of the Companies Act, 1956.

- b Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures relating to contingent liabilities as on the date of financial statements and reported amounts of income and expenses during the year. Examples of such estimates include employee retirement benefit plans, provision for

Income Tax and the useful life of fixed assets. Actual results may differ from the estimates. Any revision to accounting estimates is recognized prospectively in the period in which the results are known or materialized.

**c Revenue recognition:**

- i) Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and is recognized on accrual basis.
- ii) Revenue is recognized on transfer of significant risk and reward in respect of ownership.
- iii) Sales / turnover for the year includes sales value of goods and other recoveries such as insurance, transportation and packing charges but excludes sales tax, value added tax and recovery of finance and discounting charges.
- iv) Insurance / duty drawback and other claims are accounted for as and when admitted by appropriate authorities.
- v) Dividend on investments is recognized when the right to receive is established.

**d Inventories:**

Inventories are valued at cost or net realizable value whichever is lower. Cost of inventories comprises all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis

**e Fixed assets:**

- i) Tangible fixed assets are stated at historical cost less accumulated depreciation, amortization and impairment loss, if any. Cost includes purchase price, duties, levies and other directly attributable expenses of bringing the asset to its working condition for the intended use.
- ii) Agricultural land taken on lease has been capitalized and value is amortized over the period of lease.
- iii) Intangible assets which include Computer software are measured at cost of acquisition and development.

**f Depreciation and amortization:**

- i) Depreciation on tangible fixed assets is provided on the written down value method as per the rates prescribed under Schedule XIV of the Companies Act, 1956.
- ii) Computer Software is amortized using the written down value method @ 40% per annum.
- iii) Fixed assets costing upto Rs. 5,000 individually are fully depreciated in the year of purchase.
- iv) Agricultural land taken on lease is amortized over the period of lease.

**g Foreign currency Transactions:**

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transactions. Foreign currency monetary assets and liabilities are translated at the year-end rate. The difference between the rate prevailing on the date of transaction and on the date of settlement and also on translation of monetary items at the year is recognized, as the case may be, as income/ expense for the year.

**h Investments:**

Quoted Investments are valued at cost or market value whichever is lower. Unquoted investments are stated at cost. The decline in the value of the unquoted investments, other than temporary, is provided for. Cost is inclusive of brokerage, fees and duties but excludes Securities Transaction Tax, if any.

**i) Employee Benefits:**

**a) Short term employee benefits:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Undiscounted value of benefits such as salaries and bonus are recognized in the period in which the employee renders the related service.

**b) Defined contribution plans:**

The Company is not covered under the Employees State Insurance Act and the Provident Fund Act.

**c) Defined benefit plans:**

The Company's Gratuity plan is a defined benefit plan. The liability under the plan is determined on the basis of an independent actuarial valuation carried out at the year end. The actuarial valuation method used by independent actuary for measuring the liability is the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Profit & Loss Account.

As per the Company's policy, leave earned during the year do not carry forward: they lapse if the current period's entitlement is not used in full and do not entitle employees to a cash payment for unused entitlement during service.

j **Borrowing Costs:**

Borrowing costs that are directly attributable to the acquisition, construction or production of an qualifying asset are capitalized as part of the cost of that asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing costs are recognized as an expense in the period in which they are incurred.

k **Operating Leases:**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and Loss as when they are incurred.

l **Taxation:**

Income Tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets is recognized using the tax rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that the assets can be realized in future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonable or virtually certain (as the case may be) of realization.

Minimum Alternate Tax (MAT) paid on book profits, which give rise to future economic benefits in the form tax credit against the future income tax liability, is recognized as an asset in the balance sheet if there is convincing evidence that the Company will pay normal tax within the period specified for utilization for such credit.

m **Cenvat / value Added Tax:**

Cenvat / value Added Tax benefit is accounted for by reducing the purchase cost of the materials / fixed assets / services

n **Earnings Per Share:**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all potential dilutive equity shares, except where result would be anti-dilutive.

o **Impairment:**

The Fixed Assets or a group of assets (Cash generating unit) are reviewed for impairment at each Balance Sheet date. In case of any such indication, the recoverable amount of these assets or group of assets is determined, and if such recoverable amount of the assets or cash generating unit to which the assets belongs is less than its carrying amount, the impairment loss is recognized by writing down such assets to their recoverable amount. An impairment loss is reversed if there is change in the recoverable amount and such loss either no longer exists or has decreased.

p **Provisions, Contingent Liabilities and Contingent Assets:**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

q **Prior Period Items:**

Prior period items are included in the respective heads of accounts and material items are disclosed by way of Notes on financial statements.

**Notes forming part of the financial statements**

- 23 The Company is engaged in the business of providing Capital Advisory Services. It is a Category-1 merchant banker, portfolio manager, stock broker on Bombay Stock Exchange Ltd (BSE) and trading member of equity and derivative segment of BSE. It is duly registered with the Securities and Exchange Board of India (SEBI) in respect of the above categories. It had come out with a public issue of its equity shares of Rs. 10/- each at a premium of Rs. 100/- each in September-October 2011. The equity shares of the company are listed on the BSE and NSE.

The SEBI had carried out investigation in the issue process of the company and the utilization of the issue proceeds. During the course of investigations, the SEBI has come to a prima facie conclusion that the proceeds of the public issue were utilized for the objects other than the objects mentioned in the red herring prospectus. The SEBI has passed an Ex-Parte Ad Interim order dated December 28, 2011. It has also passed an order dated February 15, 2012 clarifying its order dated December 28, 2011. The cumulative effect of these orders with respect to the Company and its directors is as below:

- a The Company shall not issue any equity shares or any other instrument convertible into equity shares, in any manner or shall not alter its capital structure in any manner. till further directions from the SEBI;
- b The Company shall not undertake any fresh business in its capacity as merchant banker, portfolio manager, stock broker and trading member till further directions from SEBI, except the business already mandated as on December 28, 2011;
- c The Company shall not buy, sell or deal in securities directly or indirectly till further directions from the the SEBI;
- d All the directors of the Company shall not buy, sell or deal in securities directly or indirectly till further directions from the SEBI;
- e The Company shall call back funds transferred to Fincare Financial and Consultancy Services Private Limited and Precise Consulting & Engineering Private Limited.

The Company had filed an appeal against the order of the SEBI with the Hon'ble Securities Appellate Tribunal (SAT). The Hon'ble SAT had directed the SEBI to complete its investigations by October 31, 2012. SAT has also stayed the direction of the SEBI which directed the Company to call back funds given to Fincare Financial and Consultancy Services Private Limited and Precise Consulting & Engineering Private Limited.

On January 16, 2013 SEBI has passed a confirmatory order which was considered by SAT in the appeal pending before it and the Hon'ble SAT has disposed of the appeal vide order dated January 24, 2013 directing that the Board shall issue show cause notice to the Company and its directors within five weeks and pass final order within a period of four months from the date of the order.

The Company has received the show cause notice dated February 26, 2013. The Company has given the reply to the show cause notice and also filed consent application on May 13, 2013 which has been rejected by SEBI vide its letter dated August 02, 2013. The final order of the SEBI has not been received till now. Since, the ultimate outcome of the matter cannot be presently determined, the accounts have been prepared on going concern basis.

- 24 The Company was holding 302,500 shares of Onelife Gas Energy & Infrastructure Limited (OGEIL). On November 01, 2012 OGEIL has issued bonus shares in the ratio of 1:20 to the minority shareholders holding 5% and less than 5% equity shares. The Company has accordingly received 6,050,000 bonus equity shares. As a result of said issue of bonus shares, OGEIL became a subsidiary of the Company. Consequently, Goodyield Farming Limited (GFL) subsidiary of OGEIL and Goodyield Fertilizers and Pesticides Private Limited subsidiary of GFL have become subsidiaries of the Company.
